ABOUT THIS RESOURCE

This summer review packet is an extension of my yearlong [5-a-Day Math Daily Spiral Review](#). This summer review packet follows the same format: The skills are reviewed in 3 week chunks and continue to build and spiral throughout the weeks. This the PERFECT summer review for your students.

It's simple and stress-free for students with just five boxes per day. An added bonus? With one sheet per week, it takes just nine sheets of paper for nine weeks of summer review!

WHAT'S INCLUDED?

- Cover Page (for student booklets)
- Student Progress Tracker
- Skills Overview with CCSS and TEKS
- 3rd Grade Summer Review (9 weeks)
- Answer Keys

The image shows a sample page from the "5-A-DAY MATH SUMMER REVIEW" packet, specifically for Week 5. The page is designed as a grid with five rows, each representing a day (DAY 1 to DAY 5). Each day's section includes a "QUICK CHECK" with three subtraction problems, a "Write this number in the expanded form" exercise, a "Use mental math to solve" problem, a "Create an array to solve" problem with a grid, and a "Write this number in the expanded form" exercise. The page is held by a blue clipboard.

BUYER FEEDBACK:

I wish there was a rating better than A! This resource has been PERFECT this year. Some weeks there is wonderful review, and others there is wonderful frontloading of skills. I love how you use the same standards for 3 week intervals. Thank you for a great resource!

I got both the 2nd and 3rd grade bundles to be able to differentiate for my students where needed. This was just what my kids needed in their daily math routine!

Buyer Feedback: I have made MANY purchases on this site and I have to say, this one has probably been one of my favorite. I LOVE the different strategies that are addressed and all of the different strategy posters, large and small, practice and sorting by strategies activities. There are varied activities to create a strategies section of our interactive math notebook which keeps the kids interested. I can't say enough about this resource. THANK YOU so much!
